

Stepped Care 2.0 Design Template

INSTRUCTIONS: Fill in the blue boxes with your existing programming in **bold** (To convert to bold, select entered text, right click and choose text style). List your whole population programming above the steps and your clinic-based programming below the steps. Use *italics* to enter planned or "blue sky" programming you would like to develop. See examples on second sheet.

Population-based programming

Stakeholder Investment

Clinic-based programming

Program Intensity, Client Need & Readiness
 Client autonomy/self-advocacy / resilience
